These are historical artefacts which, literally have history inscribed on them, and which deserve to be preserved and maintained. They are examples of craftsmanship and are part of our fine national heritage and Cork's fine street furniture.’

(Proposer: Cllr. K. McCarthy 21/262)

31.4 **INCREASED POWERS FOR THE GARDAÍ**

‘That following sustained noise and disturbance issues in the vicinity of UCC in recent months caused mainly by summer ‘free for all’ lettings and more generally at rented properties or public locations where Gardaí have to continually respond to ongoing issues around noise or anti-social behaviour, Cork City Council pushes for provision to be made in law or bylaw for Gardaí to enter such premises or public areas and be empowered to enforce public order/antisocial behaviour legislation and ensure offenders are dealt with properly. To support such measures, I call on Cork City Council to write to the Justice Minister and seek support for our Gardaí by giving them increased powers to act where these issues are a regular occurrence and which may include powers to force property owners take responsibility for what goes on in their premises (not just responsibility for rental income); a comprehensive report of options rather than the usual standard response to issue to Councillors on these proposals which are not (as some unaffected by sleepless nights might suggest) aimed at curbing liberties but which are aimed at protecting the everyday rights of residents to live in peace in their own properties and communities but who are exasperated by a lack of impactful laws governing these situation.’

(Proposer: Cllr. M. Finn 21/263)

31.5 **GLASHABOY AND CORK CITY WATER SUPPLY TREATMENT PLANS**

‘That Cork City Council will write to Irish Water seeking an update on the remediation actions recommended by the EPA for the Glashaboy and Cork City Water Supply water treatment plants, the current status of water quality at these plants, and risks if remediation actions are not undertaken.’

(Proposer: Cllr. O. Moran 21/266)

31.6 **2019 INDECON REPORT**

‘That Cork City Council would write to the Minister for Finance Mr Pascal Donohoe and request that the 2019 Indecon Report "Evaluation of Concept of Community Banking in Ireland" be set aside. Further to ask the Minister to consider supporting a local public bank which would serve the communities and businesses in the city in light of the withdrawal of KBC and Ulster bank from the Irish market and the closing of some Bank of Ireland and Post Office branches across the city.’

## **MOTIONS**

An Chomhairle to note the referral to the relevant Committee of the following motions, due notice of which has been given:-

‘That Cork City Council ringfence 10% of income from disposals for the financing of Local Area Committees.’

(Proposer: Cllr. S. Martin 21/185)

**Finance & Estimates Committee – 06/09/21**

2. **LOAN FOR ESTATE RESURFACING**

‘That Cork City Council take down a 5 million loan for the sole purpose of estate resurfacing to allow council to catch up on this programme. There essentially has been no real spend on this over the last 12 years. Money is cheap at the moment and these works need to be done. We would also have insurance savings as a lot of dangerous footpaths and roads would be made safe.’

(Proposer: Cllr. S. Martin 21/186)

**Finance & Estimates Committee – 06/09/21**

3. **SURVEY OF FOOTPATHS IN FRANKFIELD**

‘That Cork City Council carry out a survey of the footpaths in Frankfield and include the road sections outside 69 to 74, 75 to 78, 79 to 85 and 35 to 37 in the estate resurfacing programme. Cork City Council should immediately install traffic controls at the entrance/exit to this estate with a view to restricting speeds on the main Grange Frankfield Road.’

(Proposer: Cllr. S. Martin 21/199)

**South Central Local Area Committee – 28/06/21**

4. **PUBLIC REALM AT MORRISONS ISLAND**

‘Mindful of the increased need for and focus on public outdoor facilities and spaces, that Cork City Council, in the likely event of the Morrison's Island's public realm and flood defence project getting the green light enhances the design by incorporating sit-down and gathering spaces to ensure full use of Cork's riverside spaces. Extra tree planting would also benefit the scheme.’

(Proposer: Cllr. K. O’Flynn 21/210)

**North East Local Area Committee – 28/06/21**

6. **AUDIT OF FOOTPATHS**

‘When estates are built it is often the case that footpaths are laid on the public road as part of the development process. In areas all over the city there are sections of footpath that begin and end without connection. Often there are small sections left that would link these paths to others creating cohesive walkways. I am calling on Cork City Council to perform an audit of footpaths to identify these sections and to formulate a strategy that would address these shortcomings. While funding for this project may not be available within council budget this is surely a project that would provide untold benefits to communities and as such be considered for national funding with a dedicated team formed to deliver across the city.’

‘That Cork City Council would, in the interest of public safety, look at ways of making this increasingly busy road at Mahony’s Avenue at St Luke’s safe for schoolchildren of St Luke’s School and of course the many local residents. This once quiet road is now a bustling very busy road and the big problem is that it is very narrow and a very poor surface given the increasing levels of motor traffic using it on a daily basis certainly doesn’t help. On the eastern side of the road there is an extensive area of land which is bordered by a wall and running the full length of Mahony’s Avenue. Cork City Council own this land and can I propose that Cork City Council look into removing this wall which is quite old, widening the road, putting a footpath on the eastern side, creating safer parking spaces for residents, for parents collecting children from the school and looking at ways to putting the extensive green area to good positive use for all in the area.’

In particular, the school seeks additional traffic calming measures on Crab Lane itself, an increase in visual awareness signage, and a

pedestrian priority feature at the school gate itself, to ensure all car users are aware of the school gate. At the Boreenmanna Road campus, an additional lollypop person is sought for the senior school as an immediate necessity.
