8.1 **MOTIONS**

8.1.1 **INTRODUCE BYE LAWS TO BAN INFLATABLE CRAFT**

Members considered the report of the Director of Services, Roads & Environment Operations, dated 9th November 2020 on the following motion:-

‘In light of the recent rescue by fisherman Gus O'Donovan and crew member Mathew Byrne of two men on an inflatable craft in Crosshaven, I want to bring to the attention of the Council the dangers of such craft on our shores. This is just one of several water related recent incidents that could have resulted in tragedy. In an article written for The Echo on August 5th of this year, Tom MacSweeney honours the role of Cork people in our maritime industry and highlights the dangers of these inflatable craft. As mentioned in the article, I welcome the comment by chief executive of Water Safety Ireland, John Leech, in supporting a ban on inflatable craft, in order to prevent a tragic outcome in our waters. Referring to “supermarket inflatables”, Hugh Mockler, Deputy, Launch Authority at Crosshaven RNLi, where Gus has been a crew member, described these craft as “downright dangerous”. I therefore call on Cork City Council to introduce the necessary bye laws to ban the use of inflatable craft on our shores and beaches.’

8.1.9 **PLAN FOR GUS HEALY SWIMMING POOL**

Members considered the report of the Director of Services, Roads & Environment Operations, dated 9th November 2020 on the following motion:-

‘That Cork City Council would begin the process of developing a master plan for the Gus Healy Swimming pool (Douglas/Ballinlough). The current facility offers an extremely poor service to the public, the many clubs and local schools that use the facility. 15 years ago a motion to Council to relocate the facility and upgrade the complex in the process was defeated by Council. One of the primary reasons for relocation was road access as the vast majority of people were car users. I believe that times have changed. The mix of generations now living in the wider area of Ballinlough/Blackrock/Douglas has changed. Far more younger families now live in the area, more and more people in their 30s, 40s, 50s,60s and 70s are now actively involved in fitness. The site offers a great opportunity to provide the people of the south east area a complex that other districts of the city enjoy.’

(Proposer: Cllr. D. Cahill 20/315)

‘That City Council would move/step back the boundary fence at the city bound bus stop right outside the Technology Park on Model Farm Rd. 25. **MOTIONS**

25.1 **AWARD MILITARY MEDALS FOR GALLANTRY TO IRISH SOLDIERS WHO FOUGHT AT JADOTVILLE**

'That Cork Council calls on the Government to award the Military Medals for Gallantry and the Distinguished Service Medals to the Irish soldiers who fought at Jadotville in the province of Katanga as part of a UN contingent during the Congo crisis in 1961. These medals were never awarded even though they were recommended by their commanding officer Commandant Pat Quinlan. Only 8 of the 32 men who were recommended for Bravery medals are still alive and I fully believe that their bravery when faced with overwhelming opposition that had superior weaponry, outnumbering the Irish soldiers by 10 – 1.'

(Proposer: Cllr. K. O'Flynn 20/290)

25.2 **MONIES TO FUND LOCAL ADDICTION SERVICES, YOUTH ORGANISATIONS AND COMMUNITY INITIATIVES**

‘Requesting that Cork City Council write to the Ministers for Justice, Finance and Public Expenditure to make provisions where monies confiscated under the Proceeds of Crime Legislation be redirected from central funds back into local addiction services, youth organisations, and community initiatives to combat the effect of addiction on our communities, and that the necessary legislation is changed as a matter of urgency to allow this vital funding support to happen.’

(Proposer: Cllr. T. Moloney 20/404)

25.3 **SUPPORT THE NOMINATION OF THE HENRY REEVE MEDICAL BRIGADE, CUBA FOR THE NOBEL PEACE PRIZE**

‘That Cork City Council supports the nomination of The Henry Reeve Medical Brigade, Cuba, for the 2021 Nobel Peace prize. We do this to recognise and honour the Brigade, which was founded in 2005, for its services to the peoples of mainly developing countries, but since the outbreak of Covid-19, to European countries as well, such as Spain and Italy. Cuba, despite it's economic limitations due to the illegal blockade being waged against it by the US and intensified by the Trump regime, has through the Henry Reeve Medical Brigade, been a world leader in the fight against not just Covid-19 but other, even more deadly public health emergencies, such as Ebola.’

(Proposer: Cllr. T. Tynan 20/410)

25.3 **HONOUR IRISH SOLDIERS WHO SERVED IN THE CONGO**

‘That Cork City Council supports calls on President Michael D Higgins to honour the brave Irish soldiers who served as part of the UN force in the Congo in 1961; their medals are long overdue.’

(Proposer: Cllr. M. Finn 20/411)

25.4 **PROVISIONS FOR DRUG AND DRUG TRAFFICKING MONIES**

‘That Cork City Council calls on the Ministers for Justice, Finance and Public Expenditure to make provisions (including legislative changes) for drug and drug trafficking monies confiscated under the Proceeds of Crime Legislation to be redirected from central coffers back into local addiction and drug education & prevention services, youth organisations and community initiatives to combat the effects of addiction on our communities.’

(Proposer: Cllr. M. Finn 20/412)

25.5 **IRISH SOLDIERS INVOLVED IN THE SIEGE OF JADOTVILLE IN 1961**

‘Cork City Council call on the Minister for Defence and the Government to recognise the heroic actions of the Irish soldiers who were involved in the siege of Jadotville in 1961. Thirty one of these men were put forward for the awarding of these medals of honour by Commandant Pat Quinlan who was the officer in charge. Army officials and the government of the day decided not to award the medals and their heroic actions were buried for the next 50 years until Declan Power looked into the story and wrote the book on which the film was based. Only seven of these men are still alive, so we want to see this miscarriage overturned while these men still live. We therefore ask the government to award the medals these men deserve.’

(Proposer: Cllr. T. Tynan 20/414)

25.6 **PAYMENT TO STUDENT NURSES**

‘Health Minister Stephen Donnelly is refusing to pay student nurses, even during the COVID-19 health crisis. This means that students risking their lives to care for us are forced to live in poverty, unsure of how they’ll pay their rent or bills, while putting in long hours at hospitals and care homes for no pay. Cork City Council calls on Health Minister Stephen Donnelly and the government to fully restore, with back pay, the payments due to the student nurses, so as to restore their financial security and dignity to which they are due.’

(Proposer: Cllr. T. Tynan 20/430)

25.7 **OLD TERMINAL BUILDING AT CORK AIRPORT**

‘I ask that Cork City Council would write to the Minister of Transport Mr. Eamon Ryan TD and call on him to instruct the Dublin Airport Authority (DAA) to begin the process of handing over the old terminal building at Cork Airport to Ryanair. The old terminal building is currently standing empty and falling into disrepair. Because of the pandemic Ryanair like many other airlines around the globe have seen a huge downturn in passengers numbers and as a result of this Cork Airport has suffered, Cork City has suffered, the hospitality and retail sectors have suffered, and jobs and the security of employment have suffered. Ryanair CEO Michael O’Leary has recently (Dec 20) said that he is confident that airlines will recover somewhat in the summer of 21 with a huge improvement on that come the summer of 22. I feel that now is the time for us to reinvigorate the old terminal and I firmly believe that should the DAA and Minister Ryan allow Ryanair the opportunity to invest and set up an airline HUB in the old terminal that that investment will go a long way in helping to rebuild our economy in the Southern Area. I ask my fellow Cllrs to support my call on the Minister to act swiftly on this motion.’

(Proposer: Cllr. P. Dineen 20/435)

25.8 **EASE COVID-19 RESTRICTIONS IN MATERNITY HOSPITALS**

‘That Cork City Council call upon the Minister for Health and the Health Service Executive to ease Covid-19 restrictions in maternity hospitals so as to allow fathers/partners the right to be present with a woman at her ante natal scans and appointments, and more importantly to be able to support her throughout the entirety of her labour and for the duration of the hospital stay.’

(Proposer: Cllr. S. O’Callaghan 20/436)

25.9 **COMMUNITY LED DEVELOPMENT FOR CLIMATE JUSTICE**

‘That Cork City Council will write to the Department for Community Development and Charities to ask if there are plans for a pilot scheme based on the TASC’s The People’s Transition: Community led Development for Climate Justice.’

(Proposer: Cllr. L. Bogue 20/453)
